
Vass Theatre Group is excited to announce that the newly branded Alex Read Theatre 'ART' will be joining the Arts Innovation & Technology Hub within the Alex Theatre in St Kilda.

The vision that was imparted into the DNA of **ART** by its Founder Pasquale M Palmieri is one we strongly believe in and is the perfect component to slot into the Alex Theatre project.

ART is a registered not-for-profit organisation where 100% of your donations & sponsorship goes toward producing and promoting high quality, collaborative live performances (where all participants are fairly rewarded) and toward providing opportunities for both emerging and established artists to challenge themselves with contemporary work that provides distinct and relevant entertainment of the highest quality to the community.

As part of our community engagement program it is important to know that we define our community (Tribe) as a group of like-minded people who come together in support of a common goal, and **ART** to us is the expression of the Human Creative State. We believe all humans are creative beings, it's just a matter of time before you enter your creative state and become part of our Tribe!

Question:

*"Why, unlike other professionals, are live performance artists expected by their own industry to work free of charge, surviving on passion alone?" **ART** is committed to changing this by inviting talented people in all areas of live performance to join us to stage quality, original and highly collaborative productions where all participants are rewarded fairly.*
